Lodi City Council:

This is just to alert you to the fact that you may not he aware of. I am a resident of ParkWest. Sat. and Sunday of this week there were 9 autos For Sale parked on Lower Sac. Road between Flm and Turner. The ones parked on the side going to Elm obstruct your vision if turning out of Parkwest toward Elm, On Sunday there were 7. Also some of the big rigs are parking there over nite at times. Also between Parkwest and Elm there are soar! apartments that are using the front yard to over haul cars. One place had Pour cars plus one on blocks on the street, Isn't there something that can be done before we lose the quality of life Thats one of Lodi's best in this clean town? features, the cleanness. Even motor homes and big boats parked along side houses and in driveways are un-sightly. it only costs 30.00 a month to store them. The city could make alot of money if they opened a storage lot. We have to have laws and rules to live by or some people take advantage. A Concerned Resident
